

"What WSFS means to me."

Rick Stover, President
P.J. Fitzpatrick

"To build a successful business, customers need to trust you and feel they're getting great service. Trust and exceptional service are why P.J. Fitzpatrick has its full banking relationship with WSFS. My relationship manager immerses himself in the company and understands our unique business cycles. I appreciate the bank's flexibility and nimbleness—and the fact that loan decisions are made quickly and locally—which allows our business to grow."
